

How many challenges can your team complete?

How to play:

- Choose a different object for each challenge.
- Work together and discuss your selection as a team.
- Be prepared to explain your choices at the end.

Great Object Hunt

Age 11+: Energy

Recommended galleries:
Making the Modern World, ground floor
The Secret Life of the Home, basement

Choose a different object for each challenge.

Something that sends a message between two places

Something that has wires

Something that would burn for a long time

Something that can make a sound

Something powered by oil, coal or gas

Something that gives off light

Something that gives off heat

Something used for entertainment

Something that could keep you warm

Something that could cool you down

Something that would bounce if you dropped it

Something you think uses a lot of energy

Something you think saves energy

Something you could use to cook a meal

Something that makes you think of your home
