

Great Object Hunt: Explorer

Follow your curiosity and things that interest you to explore the amazing objects in our galleries. Use your observation and questioning skills to get thinking and talking about how science and technology shapes our lives.

See how many challenges you can complete in 30 minutes? Write or draw your findings.

Top tips for exploring...

- Find different objects for each challenge
- Look up, down and up close, and see what you find
- Work together as a team and talk about your choices
